About EMSP

The European Multiple Sclerosis Platform (EMSP)

Founded in 1989, EMSP is the umbrella organisation for 38 MS Societies operating in 34 European countries. The EMSP Secretariat is based in Brussels at the heart of Europe.

EMSP lobbies at the European level to uphold the rights of people with MS. Its activities derive from a mission comprising five main objectives:

- Encourage MS research through recognized organisations;
- Exchange and disseminate information relating to MS;
- Promote collaborative programmes among national MS Societies in Europe;
- Facilitate interaction between institutions of the European Union, the Council of Europe and other organisations; and
- Propose new measures to advance the rights of People with MS and ensure their participation in society.
